# **The Jetsons Cause a Nuclear Hall of Cost**

**let's go to korea yey**

So one day, the Jetsons decided it was a good day to go to North Korea for some fun times and to talk to BTS<sup>0</sup>. “Hey Lois, wouldn’t it be a good idea to go to South Korea?” George asked his wife, Daphne. Wilma replied, “Yeah sure, that sounds like a fun idea, I would love to talk to BTS, and not via binaural beats on YouTube like every other time. It is very difficult nowadays, due to YouTube’s being shut down and all.”. And after asking their children Boy and Girl Jetson, who were ecstatic about the idea after being cooped up in their space homes for the past 50 years, the Jetsons went off in their super advanced and not dated space-car.

However, Goerge had to get an A-OK from his space-boss, mr. Space-Spacely. Unfortunately, George couldn't make it to work on time, and Mr. Spacely exclaimed "Jetson, yer

and George was really sad :(but hey, at least he can now go meet BTS :)

And with that, the whole jestunnes fam went to the korean peninsula.

<sup>0</sup>BTS stands for BeaTS

## **The jetsons arrive at north korea**

And when they arrived at the Korea Penisala, the Hetsoneses were met by a nice man who welcomed them.

“Oh, herro misterr Jeston! Rercome to the Korerran Pennisura! Ret me show you froo da Nucrear Rinter!” And with that, they were guided to Pyongyang, where BTS would live. But it would not be as easy as they thought. You see, the Jetsonses were not the only ones whom wanted to meet BTS. Many people waited eagerly in the streets to meet and talk to BTS. If the Jetsoners wanted to meet BTS, they would have to get past the others.

## **the jetsons get into talks with kim jong un**

The Jetsons flew down to the Capital building of Pyongyang, which was surrounded by totally not starving people. When they arrived, the secretary asked them “Oh, hallo! Vhere vould you like to ko or meet?” Mr. Jetson replied “Uh, I would like to, um... ,talk to Kim Jong Un, please”.

“Okay, just give me a minute to make sure he’s not too busy. You can sit down over there”

He pointed to a pile of artillery and bags of sand. Not wanting to, but also not wanting to be polite, the

Jetsones went over to sit down at the pile of junk. After about a minute, a group of trumpeters arrived from the doors leading further into the building. The trumpeters proceeded to line up on each side of the door and played one of the most beautiful songs that George had ever heard. It was emotional, but adrenaline-building at the same time. As the pleasing symphony quieted to little more than a hum, the Eternal Ruler emerged from the chambers on the other side.

“What do you need me for?” said the god-like being.

“Um, well, your Majesty, we wish to communicate with BTS. It would please me very much, sir.”

“What frivolous purposes to interrupt one of the greatest rulers that the world has ever known! How petty can you possibly be? Stop me to talk to some pretty boys with a stomach? Shameful! Get out of my sight immediately!”

“Fine whatever, fatso.”

This would become one of the biggest mistakes that he would ever make.

## **the world gets destroyed because some guy was called fat**

This action angered Kim Jong so much that he kicked the Jetsons out of the Capital and weren't allowed to return to Best Korea.

Hanging his head in shame, George Jetson couldn't find an easy way to comfort his family. "I'm sorry, my family. I'm sorry, Marge, for giving up my job just for a stupid boy band. I'm sorry, kids, for not being able to feed you for the foreseeable future and for you not even being able to see BTS. I'm sorry, dad, for forgetting that you exist. I'm sorry, all of you, and the only thing I want is your forgiveness". George is crying. The others couldn't help but comfort him. "Oh, George, we couldn't stay mad at you. We are family, and that's all that are matter.", "Eat the clothes".

"Hey guys, you might take a liking to this!"

There standing at the door was George's long-lost brother, John Jetson, was holding a fistful of tickets.

"BTS is playing in Orbit City! We can see them now!"

Everybody was ecstatic. "Oh John, I knew you would help us out at the last second!"

But Grandpa wasn't so excited. "Hey guys, don't look behind you now, but..."

It was a locust storm, not of locusts, but of atom

bombs, filling the sky. A single bomb could destroy a city, but there are hundreds.

Orbit City was nuked, and everybody died.

And there was also a nuclear war started with the United States and Best Korea, which resulted in the end of the world.

And the whole time, BTS was playing, a cry loud enough to be heard even by the heavens.

Now with the world destroyed, there is nothing left. No Korea, no America, no Orbit City.

Nothing.

## **Part III**

# **Aldof and the Chitler By Will I am Shakespeare**

Figure 2: Only known photo of Aldof Chitler

Knock knock whomst'df there be?

It is me ,m the Ratboy Genius! Back with another fanficton for you all to read and enjoy!

## **Aldof Chitler is Borne.**

Okay, so Aldof was born in Dusseldorf in 2007 in a christmas treer or simetfing i dont know i refucsed to watch to movies. alright so when he was born that was cool and nice ond neat and he was unhappy with david because david is a jewish namen and aldof din to no like the hoos. So, anywhey, um, Aldof wanted to make mangas for a lvign and ddavid was all like, no way bruh thas hellah geay, and deiv proceddted to beat aldof likea red dheaded dstep childf.

So anwyay this really mesd up aldolf's sykhe rela bad. So anyway Aldof Chitler went to Japan to learn the japanese art of mangarinis but was kicked out for making his character's chests too big, which realy upset aldof. So he went down to Germany to take over and stuff So he created a political party that valued itself on socialism (but not communism, they are not communist), anti-david-ism, and being super radical and cool and bodacious.

**Aldof takes over Germany and stuff, idk im really tired and low-key not paying attention to what im writing, i mean, i'm writing this in  $\text{\LaTeX}$ , so I can't exactly see what i'm writing on the spot.  $\text{\LaTeX}$  isn't a WYSIWYG editor.**

And so Aldof went back 2 germ many to gain polliticial power and also to watch a lot of disney movie and stuff and also mangaroonie-splatoonies were also banned as hecc in Germany and Austria and that sucked but Aldof decided that the only way to get mangaroonie-splatoonies of asian cartoonies unbanned in his native land of Fracewas to become die furher and to unban the chinese girl cartoons. And so the only way to overtake Germany and the rest of ur-op was political revolution which is exactly what he did by bribing Mairluyn Monore to seduce predisent John D Truman and kill him and assaign Aldof Chitler as president of Canada. And the olan went exactly as planned, aside from the fact that it was found out that the president was in kahootz with Simone to conqueror and the plan was found out and Marylain Manson was scentenced to def. And also Aldof was dtill made furher bcucz he paid everybody else in ha governmnent and took over canadia.

Figure 3: Artist recreation of Aldof takeover of Canada

### **Aldof works together with William Wallace to invade the land of Engeles**

So now Aldof controls all of Canadiadia and set his eyes on eurp. But the big thing that was in the way was Britain. His large barges filled with copies of Bokokuk nop Ice couldn't fit throught he english cahnnel, so he sent some troops to look aver every

square inch on Britain to get together the remains of William Wallace, which was a success. So they brought his remains back to Canada and sewed him back up and William Wallace came to life and he said "I M ALIVE!!!!!!!!!!!!!" and that was super spooky, but Aldous was cool about it and asked Will Wallace "Hey William Wallace, would you please help me destroy England" and William Wallace was all like, "Cén fáth ar mhaith liom a bheith ag obair i dteannta le chipmunk diabhal dia díreach le cailíní cartúin mór cófra a dháileadh ar fud na hEorpa? " and William Wallace made a Quantum Leap<sup>TM</sup> over the Atlantic with an atom bomb in his hands and slam-dunked the bomb over the Queen's head like a basketball.

**Oh crap, Aldof accidentally destroyed the world.**

And so after the nuke-ing on England, Aldof sent about 1,000,000,000,000 copies of My Hero Acedamia over to France and Germnay and Spain and whatnot. But the use of nuclear weapons caused much uproar around the world. After this, there was a huge nuclear holocaust and caused the destruction of the whole world.

and when the whole world is destroyed, the rubble filling the streets, the fire falling from the sky, the children without mothers and the fathers without sons, David just stood at the edge of the world, smiling, and for one last time, whouted: 'Alcin!'.  
END.
